PART II
"Fertivoy 88" Charter Party

1. Preamble

It is this date mutually agreed between the Owners, Disponent Owners or Timecharter-Owners indicated in Box 2 (hereinafter referred to as Owners) of the Vessel named in Box 4 with particulars as indicated in Boxes 5 through 11, now in the position stated in Box 12 and expected ready to load under this Charter Party on about the date indicated in Box 13, and the party indicated as Charterers in Box 3, that the said Vessel being classed in the highest class of Lloyd's Register of Shipping or equivalent and warranted tight, staunch, and strong and in every way fitted for the voyage, so far as due diligence can make her so, shall with all convenient speed proceed to the loading port or ports indicated in Box 19 and there load the cargo stated in Box 18, which the Charterers bind themselves to supply, and being so loaded shall proceed to the discharge port or ports indicated in Box 24, and there deliver the cargo on being paid freight on intaken weight at the rate stated in Box 29.

2. Advance Notices (Loading)

(a) *Approximate date.* - At least fifteen (15) calendar days before the Vessel's readiness to load, the Master or Owners shall telegraph Charterers and/or Shippers as indicated in Box 16 stating the approximate date of the Vessel's readiness to load, the approximate quantity of cargo, and the Vessel's name.

(b) *Definite date.* - Unless otherwise agreed in Box 16 at least seven (7) calendar days before the Vessel's readiness to load the Master or Owners shall telegraph Charterers and/or Shippers as indicated in Box 16 stating the definite date of the Vessel's readiness to load, the exact quantity of cargo, and the Vessel's name.

Shippers shall load the quantity of cargo required by this Charter Party or so near thereto as Shippers can arrange without splitting contents of railroad cars.

The definite date of the Vessel's readiness to load shall not be earlier than the approximate date, unless otherwise agreed.

If the Vessel is ready at the loading port prior to the notified definite date of readiness to load, the laytime shall not commence earlier than 0800 hours on the notified definite date of Vessel's readiness to load.

(c) *Misrepresentation.* - If the Owners or the Master have misrepresented the size of the holds and/or the quantity of cargo the Owners shall be responsible for additional hire and/or demurrage on trucks, railcars and lighters proved to be incurred thereby.

If the Vessel is delayed for any reason whatsoever, with the exception of delays being the direct consequences of causes excused by Clause 35 and/or Clause 36 and unknown at the time when definite notice was given, for more than forty-eight (48) hours after 0800 hours on the definite date of Vessel's readiness to load declared according to Clause 2(b), the Owners shall pay the Shippers an amount of U.S.\$ 0.15 per ton of 1000 kilos on the Bill of Lading quantity for each commenced day after the expiration of the said forty-eight (48) hours but for a maximum of five (5) days. The amount payable to Shippers shall be in lieu of any and all extra expenses caused by the delay of the Vessel. The Shippers are entitled to ask and the Owners and/or the Master are obliged to give the reasons for the delay to be confirmed by certified extracts from Vessel's logbook.

No compensation according to this Clause shall be payable if the Charter Party (or if the Charter Party is for more than one voyage, the voyage so affected) is cancelled according to Clause 6, but the Shippers shall in that case maintain their right to claim damages for possible misrepresentation of the Vessel's position.

(d) *E.T.A.* - Seventy-two (72), forty-eight (48), and twenty-four (24) hours prior to Vessel's arrival at the loading port Vessel shall telegraph Charterers and/or Shippers as indicated in Box 16 stating Vessel's E(stimated) T(ime) of A(rrival) at the loading port pilot station, or if already at port of loading discharging inward cargo or for other reason, Vessel shall give corresponding notices when Vessel is expected to be ready to load the cargo under this Charter Party.

(e) If Box 4 calls for Vessel(s) to be nominated Owners to nominate performing Vessel(s) at least fifteen (15) calendar days before the Vessel's readiness to load.

3. Advance Notices (Discharging)

(a) *Sailing telegram.* - On completion of loading the Master, Owners or Agents shall telegraph to Receivers or their Agents as indicated in Box 17, stating date and time of sailing from last loading port, quantity of cargo, expected time of arrival and anticipated draught on arrival at the first dis-

1	charging port.	71
2	(b) <i>E.T.A.</i> - 15 and 7 running days as well as seventy-two (72), forty-eight	72
3	(48), and twenty-four (24) hours prior to Vessel's expected arrival at the dis-	73
4	charging port(s) the Vessel shall telegraph to Receivers or their Agents as	74
5	indicated in Box 17 stating the Vessel's E(stimated) T(ime) of A(rrival) at the	75
6	discharging port(s), or if already at the discharging port(s) discharging	76
7	other cargo or for other reason, the Vessel shall give corresponding notices	77
8	when the Vessel is expected to be ready to discharge the cargo under this	78
9	Charter Party.	79
10		
11	4. Alteration in Readiness	80
12	The Master or Owners are to keep Charterers and/or Shippers as indicated	81
13	in Box 16 and Receivers and/or their Agents as indicated in Box 17 conti-	82
14	nuously advised of any alteration in Vessel's readiness to load respectively	83
15	discharge.	84
16		
17	5. Laydays	85
18	Laydays are not to commence before 0800 hours on the date stated in Box	86
19	14 unless otherwise agreed.	87
20		
21	6. Cancelling	88
22	(a) Should the Vessel not arrive at the loading port stated in Box 19 and be in	89
23	all respects ready to load under this Charter Party by 1700 hours on the can-	90
24	celling date stated in Box 15, the Charterers are to have the option of cancel-	91
25	ling this Charter Party (or if the Charter Party is for more than one voyage, the	92
26	voyage so affected), to be declared no later than the time of the Vessel's	93
27	readiness to load.	94
28	(b) If it appears that the Vessel will be delayed beyond the cancelling date	95
29	stated in Box 15, Owners shall, as soon as they are in a position to state with	96
30	reasonable certainty the day on which the Vessel should be ready, give no-	97
31	tice thereof to Charterers asking whether they will exercise their option of	98
32	cancelling the Charter Party (or if the Charter Party is for more than one voy-	99
33	age, the voyage so affected). The option must then be declared within five	100
34	(5) running days of the receipt by Charterers of such notice, but not earlier	101
35	than fifteen (15) days before the revised date of loadreadiness. If Charterers	102
36	do not then exercise their option of cancelling, the seventh (7th) day after	103
37	the readiness date stated in Owners' notice shall be regarded as a new can-	104
38	celling date. This provision shall operate only once, and should the Vessel	105
39	not arrive at the loading port stated in Box 19 and be in all respects ready to	106
40	load under this Charter Party by 1700 hours on the new cancelling date, the	107
41	Charterers are to have the option of cancelling the Charter Party (or if the	108
42	Charter Party is for more than one voyage, the voyage so affected), to be	109
43	declared no later than the time of Vessel's readiness to load.	110
44		
45	7. Loading and Discharging	111
46	(a) <i>Cost.</i> - Cargo to be loaded, spout trimmed and discharged, free of risk	112
47	and expense to the Vessel. The Master shall remain responsible for proper	113
48	trimming with regard to the Vessel's seaworthiness. Trimming and/or level-	114
49	ling and/or filling required by the Master or Owners, except that which can	115
50	be accomplished with the loading spout, shall be at Owners' expense and	116
51	time.	117
52	(b) <i>Gear and Lights.</i> - Owners shall give free use, throughout the duration of	118
53	loading and discharging of sufficient light (as onboard), and, unless Vessel	119
54	is described in Box 11 as gearless, of all Vessel's winches, derricks, cranes,	120
55	running gear and of sufficient motive power to operate all winches simulta-	121
56	neously. All such equipment to be in good working order up to tested capa-	122
57	city. In any event time lost on account of breakdowns of Vessel's gear essen-	123
58	tial to or affecting the loading or discharging of this cargo is not to count as	124
59	laytime or time on demurrage, and any stevedore standby time charges	125
60	shall be for Owners' account. Charterers and/or Receivers shall employ	126
61	winchmen and/or crane drivers at their risk and expense.	127
62	(c) <i>Opening and Closing Hatches.</i> - At each loading and discharging port	128
63	the Vessel's crew shall, for Owners' account, open and close hatches, re-	129
64	move and replace beams, if any, at all times before, after and during loading	130
65	and discharging operations when and where required, provided local shore	131
66	labour regulations permit. If same, however, is not permitted by local shore	132
67	labour regulations, shore labour is to be employed for Charterers'/Ship-	133
68	pers' or Receivers' account.	134
69	(d) Cargo requiring separate stowage of different grades is to be loaded into	135
70	separate holds, and quantities are to be suitable to the capacity of holds	136
	and Vessel's trim. Separations other than by holds or the Vessel's other	137
	natural compartments, if required by Charterers, are to be for Charterers'	138

"Fertivoy 88" Charter Party

account. If the Vessel has the option of completing with other cargo, such cargo is to be effectively separated at Owners' expense.	139	ceive respectively discharge the cargo under this Charter Party.	206
(e) <i>Seaworthy Trim</i> . - Vessel is to be left in seaworthy trim for shifting between berths and ports.	140	At loading port(s) when tendering notice, the Vessel is to provide certification by a competent independent surveyor that cargo holds are clean, dry, suitable and otherwise ready to receive the intended cargo.	207
(f) <i>Stevedores</i> . - At each loading and discharging port stevedores are to be appointed by Charterers, Shippers and/or Receivers.	141	If the loading/discharging berth is not available on Vessel's arrival at or off the port of loading/discharging or so near thereunto as the Vessel may be permitted to approach, the Vessel shall be entitled to give notice of readiness on arrival there with the effect that laytime counts as if she were in berth and in all respects ready for loading/discharging provided that the Master warrants that she is in fact ready in all respects. Actual time occupied in moving from place of waiting to loading/discharging berth not to count as laytime.	208
(g) <i>Grab discharge</i> . - The Vessel to be suitable for grab discharge and no cargo to be loaded into spaces inaccessible to grabs, namely, deep tanks, bunker spaces, wings and ends of 'tween-decks. However, the Master has liberty of loading into such places for the purpose of stability of the Vessel, and any expense over and above the costs of normal loading, spout trimming and grab discharge to be for Owners' account. Extra time used for loading and/or discharging into and/or from such places not to count.	142	If after berthing the Vessel is found not to be ready in all respects to load/dischARGE and/or fails to pass inspection as per Clause 12, lines 207 through 209 the actual time lost from the discovery thereof until the Vessel is in fact ready to load/dischARGE shall not count as laytime.	209
8. Weight Determination	143	If the Vessel requires more than twenty-four (24) running hours to be ready in all respects and/or to pass inspection, counting from the time of the initial failure to be ready and/or pass, the time spent waiting shall not count and a new notice of readiness is to be tendered as soon as the Vessel is effectively ready to load/dischARGE. In such case the Charterers may order the Vessel to vacate the loading or discharging berth, all time thereby lost and any expense thereby incurred shall be for Owners' account.	210
(a) Quantity of cargo loaded on board the Vessel shall, as customary at the loading port, be determined by railroad weight certificates, and/or belt scale weight certificates, and/or draught surveys carried out by a qualified independent surveyor appointed by Charterers at their expense. Any time used by the independent surveyor for weight determination after completion of loading shall count as laytime or, if the Vessel is on demurrage, as time on demurrage.	144	In any case Owners shall be responsible for stevedore detention and/or dead time and/or stand-by charges, if any, incurred by Charterers and/or Shippers and/or Receivers as a result of the particular Vessel's initial failure to be ready in all respects to load/dischARGE and/or pass inspection as per Clause 12, lines 207 through 209.	211
(b) The Vessel is to be presented for loading in such a trim and condition as to permit calculation of the Vessel's light displacement. Vessel is to furnish calibration scales for all tanks including fore and aft peak, double bottom tanks and deep tanks. Vessel is to furnish capacity plans, displacement scales, deadweight scales and hydrostatic information all certified by the Master as to correctness at the time of loading. Plimsoll marks amidships and draught marks at port and starboard sides bow and stern are to be clearly cut and marked on shell plating. Additional cost and time lost caused by Vessel's failure to comply shall be for Owners' account.	145	13. Time Counting	212
9. Bills of Lading	146	At each port laytime for loading and discharging shall commence to count twelve (12) hours after receipt of notice of readiness to load or discharge as per Clause 12. If loading or discharging is commenced before commencement of laytime, one half the time actually used shall count.	213
The Master is to sign Bills of Lading as presented without prejudice to the terms, conditions and exceptions of this Charter Party. If the Master elects to delegate the signing of Bills of Lading to his Agents, he shall give them such power of attorney in writing, copy of which is to be furnished to Charterers. All Bills of Lading issued under this Charter Party shall provide that they are subject to terms, conditions and exceptions whatsoever of this Charter Party.	147	14. Laytime	214
10. Claims	148	(a) The laytime allowed for loading shall be computed at the rate stipulated in Box 20 on Bills of Lading quantity. The laytime allowed for discharging shall be computed at the rate stipulated in Box 25 on the cargo quantity discharged at the discharge port(s) indicated in Box 24.	215
(a) Any claim of the Owners upon the Charterers, Shippers and/or Receivers arising at port(s) of loading and/or discharge shall be notified in writing by the Master to the Shippers or the Receivers before sailing from the port at which the claim arose; a reservation in general terms will suffice.	149	(b) All laytime to be based on weather working days of 24 consecutive hours.	216
(b) No claim for deadfreight will be entertained unless proper notice has been given to and acknowledged by Shippers before sailing. In case of dispute a claim for deadfreight to be supported by an independent surveyor's report.	150	(c) In the event that the Vessel is waiting for loading or discharging berth, no laytime is to be deducted during such period for reasons of weather unless the Vessel occupying the loading or discharging berth in question is actually prevented from working due to weather conditions in which case time so lost not to count.	217
11. Bagged and Deck Cargo	151	(d) The agreed rates of loading and discharging as stated in Boxes 20 and 25 respectively, apply on condition that the Vessel can receive/deliver at such rates.	218
(a) <i>Tallying</i> . - If shipment of cargo in bags, bales, cases and/or drums is agreed according to Box 18 Vessel shall be responsible for the number of packages shipped and the Bills of Lading shall be evidence of quantity of cargo shipped.	152	(e) Time sheets or Statements of Facts at loading and discharging port(s) to be signed by Agents of the Vessel, by the Master or his Agents and by the Charterers respectively Receivers or their Agents.	219
(b) <i>Dunnage</i> . - If shipment of cargo in bags, bales, cases and/or drums is agreed, Charterers shall provide and pay for all dunnage material required for the proper stowage and protection of the cargo, however, Owners to supply free of charge all suitable dunnage for such purposes, as on board. The Vessel to have cargo battens fitted except for bulk cargo.	153	(f) Unless otherwise indicated the rates indicated in Boxes 20 and 25 respectively, shall be deemed to be stated in metric tons of 1000 kilograms.	220
(c) <i>Deck Cargo</i> . - If shipment of deck cargo is agreed according to Box 18, same to be at Charterers' risk. Owners to supply free of charge all suitable cover-material for such purposes, as on board.	154	(g) Except where SHINC (Sundays and Holidays included) terms have been agreed to and stipulated for loading in Box 20 and/or for discharging in Box 25, Sundays and local and/or legal holidays shall not count as laytime.	221
12. Notice of Readiness	155	Laytime not to count from Saturdays 1200 hours to Sundays 2400 hours nor from 1700 hours on a day preceding a holiday even if used (subject to Clause 17 - Overtime). On Mondays or days following a holiday time to count from 0001 hours.	222
The Master or Vessel's Agents shall give to the Shippers, respectively Receivers or their Agents a written notice of Vessel's readiness to load respectively discharge. The notice shall be given within ordinary office hours (between 0900 to 1700 hours on all days except Saturdays, Sundays and holidays), whether the Vessel is in berth or not.	156	(h) Unless otherwise stated laytime shall be non-reversible.	223

PART II
"Fertivoy 88" Charter Party

35. Strikes, Stoppages, etc.

(a) Port of Loading

(i) The parties hereto mutually exempt each other from all liability (except as hereinafter provided) arising from or for time lost through riots, strikes, lock-outs of workmen, or disputes between masters and men at the mines, on railroads or at loading port(s) or by reason of accidents to mines, railroads or machinery, obstructions in harbours (not including congestion of shipping or shore traffic unless resulting from a cause exempted by this Clause), interruption (wholly or partly) of the fuel supply of shippers or the suppliers of cargo, or by reason of epidemic, frost, fire, floods, fogs, storms, earthquakes, landslides, avalanches, restraints of established authorities, and any unavoidable accidents and hindrances, beyond their control, either preventing or delaying the mining, supplying, working or loading of the cargo for which the Vessel is stemmed taking place on or after the date of the Charter Party.

(ii) In the event of any stoppages arising from any of the aforesaid causes affecting the loading of the cargo or any part of it when the Vessel is ready to proceed from her last port or at any time during the voyage to the port or ports of loading or after her arrival there, the Master or Owners may ask the Charterers to declare that they agree to reckon the laydays as if there were no such stoppage(s) or, alternatively, to declare an alternative loading port. Unless Charterers have given such declaration in writing (by telegram, if necessary) within twenty-four (24) hours, Owners shall have the option of cancelling the Charter Party (or if the Charter Party is for more than one voyage, the voyage so affected), such option to be declared within 5 working days. In the event that the Charterers direct the Vessel to an alternative loading port, any additional charges or expenses including compensation for Vessel's time incurred by reason of the change in loading port, to be for Charterers' account. If part cargo has already been loaded, the Vessel may proceed with same (freight payable on loaded quantity only) having liberty to complete with other cargo on the way, for her own account.

(iii) In the event of any stoppage or stoppages arising from any of the aforesaid causes - other than riots, strikes, lock-outs of workmen, disputes between masters and men at the mines, on railroads or at loading port(s), interruption of the fuel supply of shippers or suppliers of cargo, frost and fogs - affecting the loading of the cargo or any part of it and the Vessel is already on demurrage when such stoppage or stoppages occur and provided no cargo shall have been loaded on board, the Charterers may give not less than forty-eight (48) hours telegraphic notice, expiring not earlier than five (5) days after the Vessel has been on demurrage, that they wish to cancel the Charter Party (or if the Charter Party is for more than one voyage, the voyage so affected) unless Owners agree to maintain the Charter Party with no demurrage being incurred for the remainder of the time lost through said stoppage or stoppages. In either case demurrage shall be payable until expiration of the aforesaid notice. If part cargo has already been loaded, Charterers may order the Vessel to proceed with the quantity loaded paying freight on the quantity loaded subject to a minimum of 2/3rds of the quantity declared in accordance with Clause 2(b), in which case demurrage is to be paid until such time as the Vessel has been given orders to proceed, or Charterers may discharge such part cargo at the loading port and notify Owners of their wish to cancel in the same manner as stated above in the case where no cargo has been loaded, in which case demurrage shall be payable to the expiration of the notice period or, if the part cargo is to be discharged, to the completion of discharge, whichever shall last occur. In the event that the Vessel is ordered to proceed with less than 2/3rds of the quantity declared in accordance with Clause 2(b), Charterers are to have the right to complete with other lawful cargoes for their own account, Charterers paying any additional charges or expenses including compensation for any additional time used by the Vessel by reason of taking the completion cargo at the rate of demurrage specified in Box 22.

(b) Port of Discharge

(i) In the event of riots, civil commotion, accidents or any other causes directly connected with the discharging, receiving or warehousing (in the port) of the cargo, beyond the control of the Consignees, any time lost thereby shall not count unless the Vessel is already on demurrage. If the Vessel is already on demurrage, Charterers may keep the Vessel at the discharging port against payment of full demurrage with liberty at any time of ordering the Vessel to an alternative discharge port where she can safely discharge without risk of being detained by the said stoppage or stoppages.

(ii) In the event of strikes or lock-outs affecting the discharging of the cargo on or after Vessel's arrival at or off the port of discharge, the Consignees

shall have the option of keeping the Vessel waiting until such strike or lock-out is at an end against paying half demurrage after expiration of the time provided for discharging, or of ordering the Vessel to a safe port where she can safely discharge without risk of being detained by such strike or lock-out. Such orders to be given within forty-eight (48) hours after the Owners have given notice to the Consignees of Vessel's readiness to discharge or of the Owners' request for orders.
(iii) In the event the Vessel is ordered to an alternative discharge port as provided for in aforesaid (i) or (ii) all conditions of this Charter Party and the Bill of Lading issued hereunder shall apply to the delivery of the cargo at such substitute port, and the Owners shall receive the same freight as if the cargo had been discharged at the original port of destination, except that if the distance to the substitute port exceeds 100 nautical miles, the freight on the cargo delivered at the substitute port to be increased in proportion.

36. Exceptions

Owners shall be bound before and at the beginning of the voyage to exercise due diligence to make the Vessel seaworthy and to have her properly manned, equipped and supplied and neither the Vessel nor her Master or Owners shall be or shall be held liable for any loss or damage or delay to the cargo for causes excepted by the Canadian Carriage of Goods by Water Act, 1970 or the U. S. Carriage of Goods by Sea Act, 1936. Neither the Vessel, her Master or Owners, nor the Charterers or Receivers shall, unless otherwise in this Charter Party expressly provided, be responsible for loss of or damage or delay to or failure to supply, load, discharge or deliver the cargo arising or resulting from: - The acts of God, public enemies, wars, the restraints of rulers, princes and people, strike or lock-out of crew, pirates, robbers and arrests, fires on land or sea, floods, blockades, riots, insurrections, Civil Commotions, earthquakes, explosions, barratry of Master or crew, stranding, collision and every danger and accident of the sea, river, machinery, boilers, navigation and latent defects in the hull or machinery of whatever nature or kind; but nothing in the Charter Party shall exempt the Owners from liability for failure to perform any of the duties imposed on carriers by the Canadian Carriage of Goods by Water Act, 1970 or the U.S. Carriage of Goods by Sea Act, 1936.

37. Law and Arbitration

Such arbitration must commence within one (1) year of final discharge or from the date of cancellation if the voyage is not performed.

*) 37.1. This Charter Party shall be governed by English law and any dispute arising out of this Charter Party shall be referred to arbitration in London, one arbitrator being appointed by each party, in accordance with the Arbitration Acts 1950 and 1979 or any statutory modification or re-enactment thereof for the time being in force. On the receipt by one party of the nomination in writing of the other party's arbitrator, that party shall appoint their arbitrator within fourteen days, failing which the decision of the single Arbitrator appointed shall apply. If two Arbitrators properly appointed shall not agree they shall appoint an umpire whose decision shall be final.

*) 37.2. Should any dispute arise out of this Charter Party, the matter in dispute shall be referred to three persons at New York, one to be appointed by each of the parties hereto, and the third by the two so chosen; their decision or that of any two of them shall be final, and for purpose of enforcing any award, this agreement may be made a rule of the Court. The arbitrators shall be members of the Society of Maritime Arbitrators, Inc. of New York and the proceedings shall be conducted in accordance with the rules of the Society.

*) 37.3. Any dispute arising out of this Charter Party shall be referred to arbitration at the place indicated in Box 34 subject to the law and procedures applicable there.
